

## CURRICULUM VITAE

**Name, First name:** Nüchel, Julian Maria, Dr. rer. nat.  
**Born:** 20.06.1990 in Bonn  
**Nationality:** German  
**Address:** **Center for Biochemistry, Medical Faculty, University of Cologne**  
Joseph-Stelzmann Str.52  
50931 Cologne, Germany

**E-mail:** nuechel.julian@uni-koeln.de  
**ORCID ID:** 0000-0002-8126-415X  
**Twitter:** @JNuchel  
**Current position:** Junior Group Leader | Center for Biochemistry, University of Cologne

### ACADEMIC EDUCATION

2017-2021      Doctoral Degree (Dr. rer. nat.) in Biochemistry | Grade: 0.0, *summa cum laude* (with distinction), Center for Biochemistry, Medical Faculty, University of Cologne, Germany

2014-2016      Master of Science in Biology | Grade: 1.2 Excellent, University of Cologne, Germany

2010-2014      Bachelor of Science in Biology | ECTS GRADE: A, University of Cologne, Germany

### PREVIOUS RESEARCH POSITIONS

03.2021-12.2023      Postdoctoral Researcher  
Max Planck Institute for Biology of Ageing (Demetriades Lab), Germany

02.2017-02.2021      PhD Student  
Center for Biochemistry, Medical Faculty, University of Cologne, Germany  
Supervisor: (Prof. Mats Paulsson / Dr. Markus Plomann)

05.2014-02.2017      Research Assistant  
Center for Biochemistry, Medical Faculty, University of Cologne, Germany  
Supervisor: (Dr. Markus Plomann)

05.2013-12.2013      Internship in Jennifer Lippincott-Schwartz Lab at the National Institutes of Health (NIH), Bethesda, USA

08.2010-05.2014      Student Assistant  
Center for Biochemistry, Medical Faculty, University of Cologne, Germany  
Supervisor: (Dr. Markus Plomann)

### **THIRD-PARTY FUNDING**

2022-2025              Principal investigator of a project within the framework of the German Science Foundation (DFG)-funded collaborative research unit FOR2722 on “Novel Molecular Determinants for Musculoskeletal Extracellular Matrix Homeostasis” (Grant No. 384170921, total value EUR 516.300, including two PhD positions)

2023-2025              Co-principal investigator of an independent research project in the Center for Molecular Medicine Cologne (CMMC) on “Triaging of secretory cargo by interplay of TANGO1 and ERAD-R” (Project C10, total value EUR 165.000 including one PhD position)
